Microbial Sciences Initiative
Application for Secondary Field

Procedures

1. Arrange to meet with Ann Pearson to review secondary field plan of study and to secure signature/approval. You will not be awarded a secondary field in Microbial Sciences unless this form has been approved.

2. Submit your signed application to Karen Lachmayr as early as possible but no later than the Study Card due date of your penultimate term.

3. Ann Pearson will assign you a faculty advisor within the MSI program. You should arrange to meet with this person annually to discuss your educational program.

4. When all secondary field requirements are complete (including any courses in which you are currently enrolled during your final term at the College), complete the form on the APO "Secondary Fields Web Tool" http://www.secondaryfields.fas.harvard.edu/forms.html; have Ann Pearson sign it and then submit the form to the Registrar no later than the **7th Monday** of your final term in the College. There are NO exceptions to this deadline.

MSI Contact Information
Head Tutor: Ann Pearson, pearson@eps.harvard.edu, 384-8392; Hoffman Labs Room 303
Education Coordinator: Karen Lachmayr, klachmay@fas.harvard.edu
